A NEW GENERATION OF BUILT-IN ELECTRIC FIRES

 Dimplex®

Vivente

Discover Vivente, a new generation of luxurious electric fires from Dimplex.

Combining the very best in electric flame technologies, the Vivente built-in landscape range showcases our innovative Optiflame 3D flame effect and is the ultimate in customisable design.

This exclusive range of fires comes in three sizes 750, 1000 & 1500 and offers three layout options: a single glass panel for a striking front-facing fire, two panels for a dynamic corner installation, or three panels for a truly panoramic effect. Each fire also includes 4 different liner options for the back panel and a choice of ceramic logs, ash dust or crystal pieces for the fuel bed design creating a stunning fireside glow.

Vivente offers a truly unique 3D flame effect as well as the sound of real crackling flames and allows you to have fun with its captivating features including eight illumination effects and many different colour lighting options, which enables you to create a bespoke centrepiece to suit your home and mood.

Every function can be controlled from your smartphone via our new 'Flame Connect' app. From heat output to flame intensity and even colour, all can be adjusted with the touch of a finger. The fire's Bluetooth remote also gives full control of the many features and allows you to enjoy the enchanting flame effect without any heat.

Give your home the iconic, atmospheric look with the Vivente range.

Vivente is available from a select network of Dimplex retailers which can be found at www.dimplex.co.uk

Vivente

Flame Connect App

The Flame Connect app puts power in the palm of your hand. Quickly and easily control your Vivente fire from anywhere in your home, customising a bespoke flame effect to create a unique and stunning centrepiece for any room.

The app allows you to adjust the heat, change the back light and fuel bed colour, and even add a coloured accent to the flickering flames.

Whether you want a traditional effect of crackling flames over glowing logs to warm a winter evening, or golden flames dancing above a bed of blue-glowing crystals to accent a summer night, the Flame Connect app lets you create the perfect atmosphere whatever the occasion.

Flame Connect gives you unparalleled control over your Vivente from a beautiful and simple interface:

- Simply scan and connect to Bluetooth to communicate directly with your fire
- Quickly change modes and settings on your fire to suit your mood
- Set product schedules to automate your fire's on/off times
- Support for multiple languages and a choice of Fahrenheit and Celsius readout

Flame Connect App available for your smartphone

Vivente 150

A panorama of flickering firelight.

Embrace the eye-catching illumination and flame intensity with Vivente and choose the bespoke effect and colour which is easily customisable to suit your mood.

The three-sided Vivente enables you to create a stunning panoramic fireplace that looks impressive from every angle and brings an element of comfort to any space.

Glass size: H: 347mm W: 1500mm Dimensions: H: 665mm x W: 1538mm x D: 321mm

1 sided option

2 sided option

Vivente 150 - 3 sided option

Vivente 100

Make a statement.

Create a minimalist hole-in-the wall installation with the one-sided Vivente that will make a statement in any room.

With multiple options for the fuel bed and back panels, you can create the perfect striking background for the enchanting 3D flame effect. Choose a homely log fire burning before your bespoke back panel or watch flickering flames dart above a bed of crystal in a black space, or experiment to find the perfect combination.

Glass size: H: 347mm W: 1000mm Dimensions: H: 665mm x W: 1040mm x D: 321mm

2 sided option

3 sided option

Vivente 75

The perfect fit.

Multiple sizes and a choice of one, two or three-sided fire display means your stunning new fire will catch the eye wherever you place it.

The two-sided Vivente allows you to take advantage of a corner space, where you can embrace the modern layout and architecture of your home and create a strikingly contemporary fireplace.
