

# Slide Control

---

Gazco's new innovative slide system has a subtly designed, ergonomic lever that is situated to the top right hand side of the fire's frame for easy access. the new slide offers complete and convenient control over the fire, including ignition and extinguish along with flame height and corresponding heat levels, allowing you to achieve the warmth and ambiance you desire with minimal bending. Slide Control Logic fires are available with a specific selection of frame styling options, please see table below for details.

\*\* Slide Control is not available for the Logic Hotbox or Logic Convector fires with a Pebble Fuel effect.
